

## Pray for the Children of Myanmar

After decades of war and natural disaster, Myanmar's children are paying the highest price. Thousands of children have been left vulnerable to human trafficking, labor camps, begging, stealing and imprisonment.

In 2012, sanctions against Myanmar were lifted by the United States, with a commitment from Myanmar's government to improve the lives of its children.

The door has been opened to relief from the West. Please pray with us, that God would present opportunities for many children to be saved, both in body and soul.

## Pray for the Children of Widows

The disasters of Myanmar have left thousands of families fatherless. Many widows are left with the unimaginable choice between watching their children suffer from malnutrition, or placing their fate in the hands of a stranger whose intentions are unknown.

Please pray for the protection of the fatherless. Pray that government officials would work quickly to distribute aid and allow relief organizations, such as PSA, to work freely in their country, for the benefit of the children.

## Pray for the Children Living on the Street

Homeless children wander the streets of Myanmar, looking for means to survive. They are vulnerable to predators that would place them in labor camps, human trafficking and slavery.

Please pray that relief will come soon. Pray that Myanmar's government would seek humane solutions to rescue the street children. Pray that God would direct PSA's child rescue programs to the places they could be most effective.

## Pray for PSA's Orphan, Safety and Nutrition Programs

PSA is working hard to rescue children from exploitation and to preserve fatherless families through self-sufficiency programs.

Please pray that PSA could obtain funds to support these programs and that our work could reach the thousands of at-risk children and widows in Myanmar.

**James 1:27 Religion that God our Father accepts as pure and faultless is this: to look after orphans and widows in their distress...**

If you would like to donate or obtain more information on how you can become a part of our efforts to rescue the children of Myanmar, please contact us through our website.
