Looking Forward

More has been accomplished than we could possibly report here. We are a small group of Christian relief workers and missionaries from the West; able to accomplish so much for the Kingdom of God because of the partnership we have with local Christian leaders who love to represent Christ, by serving the poor. More than 100 indigenous partners find empowerment through our humble handful of Western workers.

During the past year PSA has grown. God has given us more work and opened new doors. He has presented us with more challenges to show Christ's love to desperate and troubled people. God has made provisions for the work to be completed through partnerships with our supporters in the West. People like you who care for the poor and believe that, together, we can make a difference.

Thank you for your faithful prayers and support. Most of all, thank you for your partnership as we work together to serve a sovereign God.
